

(An email sent to the HypnoBirthing Institute 1/9/06):

Hello.

I am a birth doula who just attended a birth with a client who used Hypnobirthing®

It was undoubtedly the most calm, exhilarating, beautiful birth I've attended (not to mention one of the quickest!) out of all the 19 births I've attended so far. I plan on suggesting it to my upcoming clients.

I would also like some information on the practitioner trainer that will be offered later this year.

Thank you!

Best,
Leila
